

FOR IMMEDIATE RELEASE

IE Discovery Named “Best Place to Work” By *Austin Business Journal*

Austin, Texas (June 26, 2008) - IE Discovery, a leading provider of comprehensive Discovery Management solutions for the legal community, announced today that it has been recognized by the *Austin Business Journal* as one of this year’s best places to work in Central Texas. The company was chosen from more than 140 nominations. As part of its process, the *Austin Business Journal* engaged Quantum Market Research to evaluate the company in the areas of: team effectiveness, retention risk, alignment of goals, trust in co-workers, individual contribution, manager effectiveness, trust in senior leaders, feeling valued, work engagement, and people practices.

“We are very proud of this award and of the efforts we’ve undertaken to earn it,” said Chris May, CEO at IE Discovery. “In 2006, we conducted an employee engagement survey to gain valuable feedback and identify areas of improvement. Our management team listened and then responded to each employee’s needs with the objective of improving the quality of life and work for our team members. Our recognition by the *Austin Business Journal* is evidence of the contribution that each individual employee has made to our company.”

IE Discovery will be officially recognized as a “Best Place to Work” at a pep rally, luncheon and awards presentation on Thursday, June 26th at the Hilton Austin Hotel. The company will also be profiled in the June 27th issue of the *Austin Business Journal*.
